

Retrofit solutions for high wattage metal halide applications.

*Our experts can help you upgrade your traditional HID lighting to a energy efficient LED system with the simple change of a lamp.*

Foreverlamp is the first in the industry to offer a high lumen plug and play LED replacement lamp for 1000W MH lighting applications. Existing buildings that house airplane hangars and other aerospace operations have high ceilings that can easily reach over 75ft. and more. Therefore, these applications require a high lumen, high efficiency solution that is easy to install and maintain. We offer a complete portfolio of plug and play replacement lamps for high wattage MH and HPS.

- Foreverlamp LED retrofit lamps work on existing **1000W** and **750W** magnetic ballasts
- Ideal for ceiling heights between **35 ft.** and **75 ft.**
- Ideal solutions deliver:
  - **52,000** lumens, 460 watts
  - **45,000** lumens, 380 watts
- Less than **12** Month Payback

- One for one replacement of 1000W or 750W MH Lamp
- No-Rewiring Required
- Works with existing MH magnetic ballast
- No start up delay – Instant On
- Work with existing controls
- Maintenance free
- 30% improvement in CRI (quality of light)
- Energy Savings greater than 50%
- Dramatically reduce wattage load and gain substantial HVAC savings as well

## LED RETROFIT LAMP for 1000W & 750W Metal Halide Fixtures

- Replaces traditional Metal Halide Lamps for 1000W & 750W MH Ballast
- Plug-n-play - Features Direct-Fit EZ Install® technology
- Works with existing magnetic probe and pulse start ballast
- Lamp Life: L70 rated for 60,000 hours
- 52,000 lumens / 460 watts
- 45,000 lumens / 380 watts
- 5000 Kelvin, +83 CRI
- Instant On / Off
- Saves 530W / 620W per socket
- 3.3 lbs per lamp, 10.28" H x 7.89" W
- Lifespan: L70- 60,000 hours
- Patented cooling and innovative design
- UL Certified. LM 79 & LM 80 Reports available

Industry's first LED lamp to achieve 52,000 lumens

1000W METAL HALIDE LED Retrofit Lamp  
Professional high output LED replacement lamp for Metal Halide

### RS-1KWD-MHO-850

- 5000K
- 52,000 Lumens
- 112 Lm/W
- 460W / 530W saved
- \$2,407 accumulated savings per fixture over 30K hours

### RS-1KWD-SHO-850

- 5000K
- 45,000 lumens
- 118 Lm/W
- 380W / 620W saved
- \$2,760 accumulated savings per fixture over 30K hours
