

Foreverlamp is an innovator and leader in high power, high lumen lighting. Known for our award-winning retrofit lamp design and energy efficient high-bay fixtures, we offer a versatile and powerful array of “BIG LUMEN” Lighting solutions unmatched in the industry.

foreverlamp®

Award-Winning LED High Bay Solution

We are the world's largest manufacturer of plug and play LED lamps for Metal Halide and High Pressure Sodium fixtures. Our products, including our DLC approved high-bay luminaires, are designed specifically to meet the demands for high performance, high output lighting environments and are key to creating efficiencies in sustainable warehouses, big box retail, recreational, and convention centers.

AWARD-WINNING LED RETROFIT LAMPS

We offer the industry's first plug-n-play replacement lamps for 1000W and 400W MH and HPS lamps. The Foreverlamp Series of plug-n-play lamps features a patented cooling system and innovative design that allows for a quick and easy installation. Each lamp is designed to work with the existing magnetic ballast and sockets and doesn't require any re-wiring to install. Installation simply involves, unscrewing the existing "HID" lamp and replacing it with a Foreverlamp.

LED Retrofit Lamp for 1000W MH

It is the most powerful replacement lamp lumen package available in the industry today providing up to 52,000 lumens. The LED replacement lamp will save up to 600 watts per socket over MH providing an eco-friendly and cost effective plug and play alternative to more expensive solutions.

LED Retrofit lamps for 400W MH and 400 HPS

Foreverlamp provides the industry's highest lumen products available for 400W HID applications. Compatible with 400W through 175W pulse and probe start magnetic ballasts, the Foreverlamp LED Retrofit Plug n Play Lamp Series consists of a variety of lamp sizes and versatile lumen outputs from 17,000K to 28,500K.

RS Series

- Plug and play with existing 1000W and 750W MH ballasts
- 52,000 lumens/470 watts/112 lm/watt
- 45,000 lumens/380 watts/118 lm/watt
- 3.3 lbs

GS Series

- Plug and play with existing 400W through 175W pulse and probe start MH ballasts
- Up to 28,500 lumens and 115 lm/watt
- 200W to 230W on 400W ballast
- 2.3 lbs

PS Series

- Plug and play with existing 400W through 175W pulse and probe start MH ballasts
- Up To 21,000 lumens and 105 lm/watt
- 170W to 200W on 400W ballast
- 1.95 lbs

HS Series

- Plug and play with existing 400W and 250W HPS ballasts
- Up To 25,500 lumens and 116 lm/watt
- 220W on 400W ballast
- 2.3 lbs

HB SERIES HIGH-BAY LUMINAIRES

Combine Foreverlamp's award-winning LED replacement lamps with DLC approved energy efficient high-bay fixtures and you have the most economical high-bay available today! We deliver the industry's best "Big Lumen" high-bay lighting solution constructed with a high efficiency LED electronic driver and available in a broad choice of lumen packages from 20,000 to 66,000 lumens.

Simple, lightweight, and delivers an easier, less costly solution to replacing bad magnetic ballasts. Available in **HB Series** and **HB Classic Series** for a traditional look of an HID high bay with the improved efficiency and performance of LED lighting.

HB1/HB3 Series

- Replaces 250W & 400W HID Fixtures
- HB1-10lbs./20.67" h x 16" w
- HB3-15lbs./23.75" h x 22" w
- Up-light-7% on selected models
- Simple mounting: Hook and Cord, Plug
- Housing constructed with Copper Free Aluminum
- Acrylic or Aluminum Lens
- Typical payback is < 12 months
- 5 year LED driver warranty

HB1/HB4 Classic

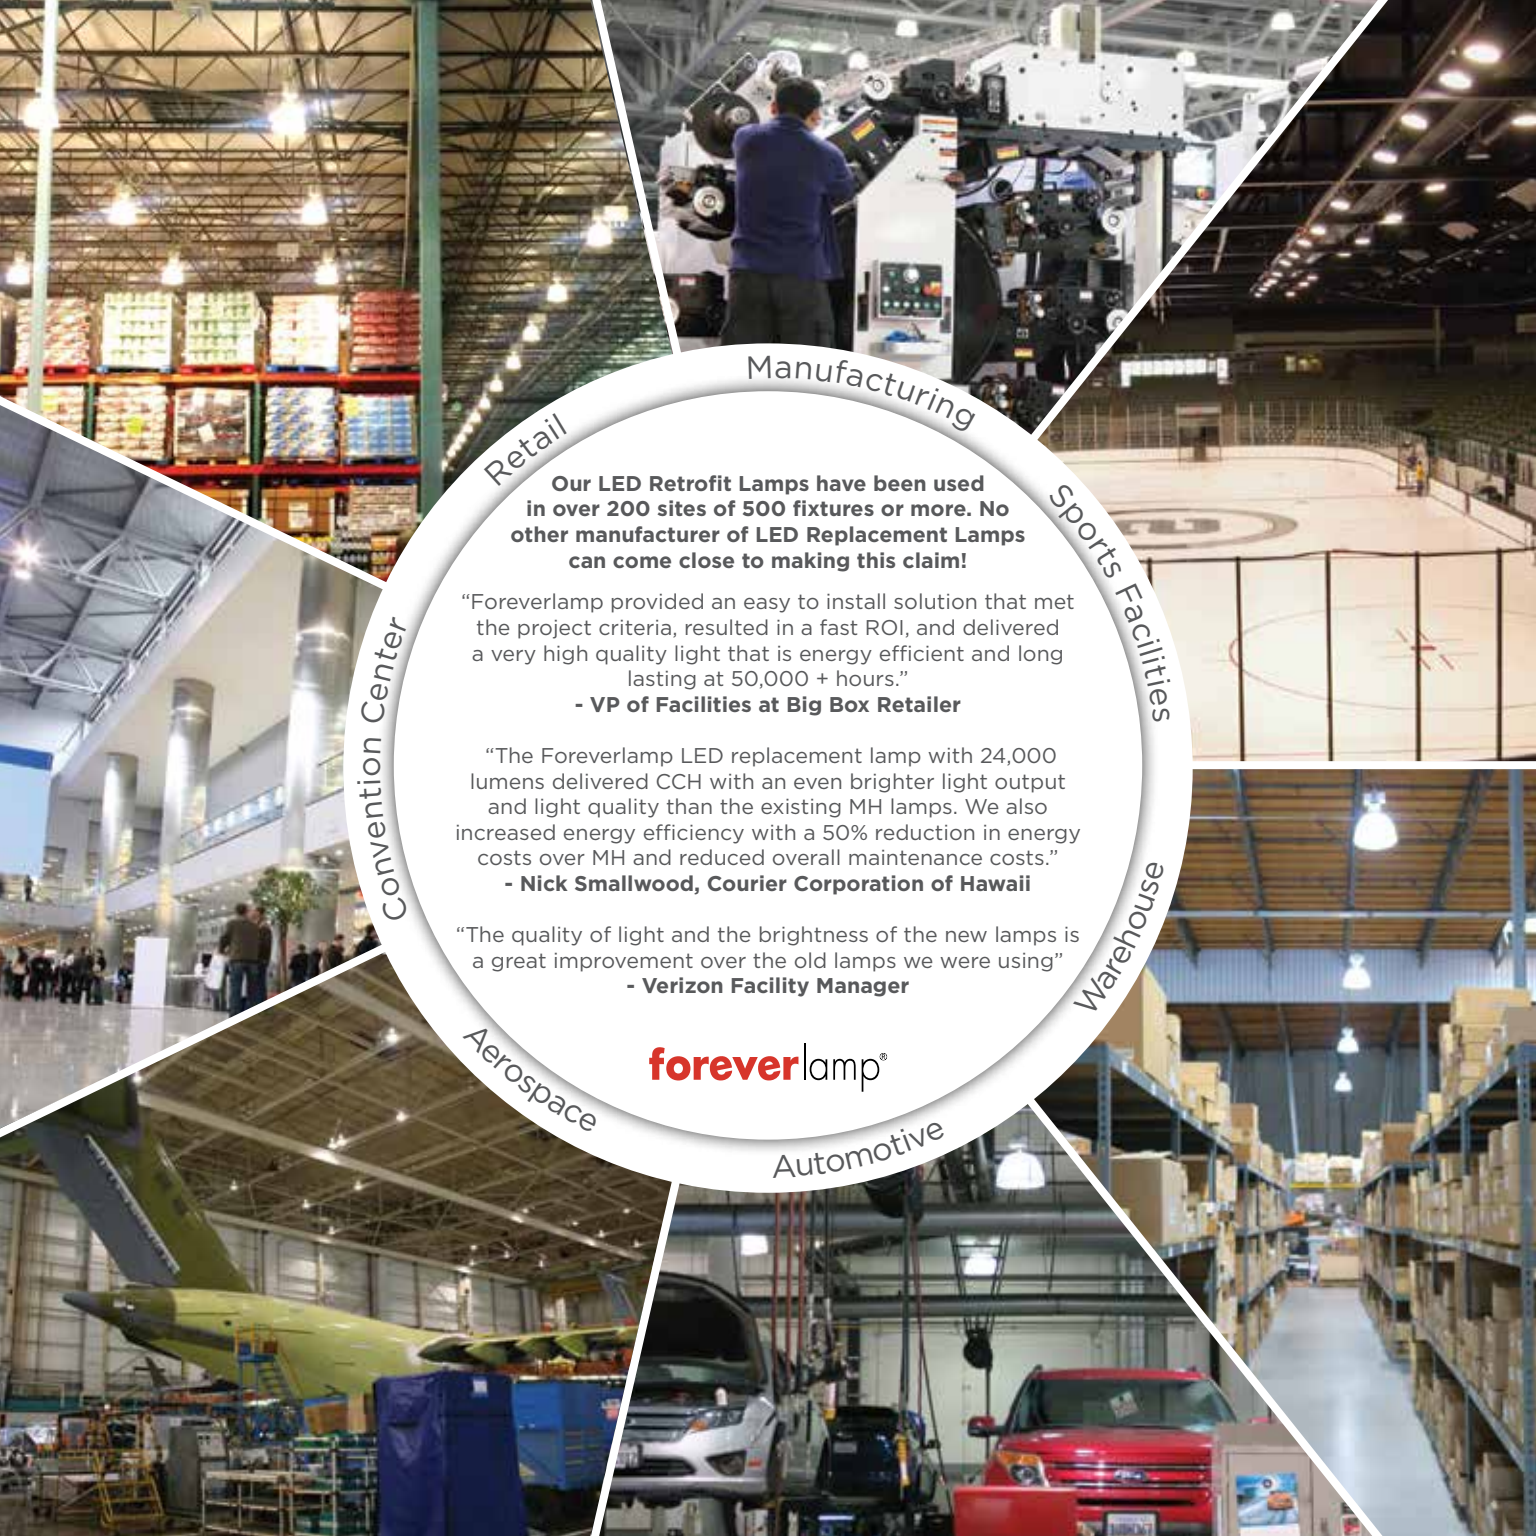

- IP54
- Replaces 250W, 400W, 750W & 1000W HID Fixtures
- Integrated electronic driver
- HB1-10lbs./20.67" h x 16" w
- HB4-15lbs./23.75" h x 22" w
- Up-light-7% on selected models
- Simple mounting: Hook and Cord, Plug
- Housing constructed with Copper Free Aluminum
- Acrylic or Aluminum Lens
- Typical payback is < 12 months
- 5 year LED driver warranty

HB2/HB5 Classic

- IP65
- Replaces 250W, 400W, 750W & 1000W HID Fixtures
- Integrated LED module
- HB2-10lbs./18.08" h x 16" w
- HB5-20lbs./23.54" h x 22" w
- Simple mounting: Hook and Cord, Plug
- Housing constructed with Copper Free Aluminum
- Acrylic or Aluminum Lens
- Typical payback is < 12 months
- 5 year LED driver warranty

Our LED Retrofit Lamps have been used in over 200 sites of 500 fixtures or more. No other manufacturer of LED Replacement Lamps can come close to making this claim!

“Foreverlamp provided an easy to install solution that met the project criteria, resulted in a fast ROI, and delivered a very high quality light that is energy efficient and long lasting at 50,000 + hours.”

- VP of Facilities at Big Box Retailer

“The Foreverlamp LED replacement lamp with 24,000 lumens delivered CCH with an even brighter light output and light quality than the existing MH lamps. We also increased energy efficiency with a 50% reduction in energy costs over MH and reduced overall maintenance costs.”

- Nick Smallwood, Courier Corporation of Hawaii

“The quality of light and the brightness of the new lamps is a great improvement over the old lamps we were using”

- Verizon Facility Manager
